Granny Says the Opposite...

In the play, Granny does the opposite of what she says she's going to do. She says she will feed Hugo semolina for dinner, make him watch Songs of Praise and Antiques Road Show, and only allow him to have a shallow bath. In the end, she gives him the opposite. He has a delicious casserole and chocolate pudding dinner, he doesn't have to watch her television programmes AND he is allowed an extra deep bath.

Activity: Try and Match up these opposite words...
